What teaching methods are used?

Tutorials, lectures, workshops, seminars... For more information, please consult the course syllabi. **A laptop is required to study at EDHEC, students will need it for group work and for courses. Tablets, iPad, Chromebooks should be avoided and preferably use Windows.**

What is the regular workload?

We ask Simple Exchange students for a min. of 20 ECTS/semester workload; however, students' home university decides on additional ECTS requirements for their students. Double Degree seeking students follow all courses in their study programme like regular EDHEC students. Regular (and maximum) workload per semester for EDHEC students is 30 ECTS.

Can I change my course after the beginning of classes?

NO. It is not possible to change course choice after add/drop period or beginning of the classes. We strongly advise students to carefully review the syllabus of each course before choosing, and to consult their home university coordinator before making a definite choice.

What is the grading system used?

Grading scale from 0 to 20, where 10 is a passing grade (student obtains credit); below 10 is a fail (no credits awarded).

Is the planning definite?

NO. The schedule is flexible and may be modified at EDHEC's discretion with 24hrs notice. We advise students to check their timetable daily.

YES. Attendance is mandatory. Early leave is not allowed - students must stay for the entire exchange period. Attendance in classes is vital as it is not only in the best interest of the student to attend regularly, but it also guarantees that groups function properly. Long sick leave must be justified by a medical report; In certain cases of unexcused absence, students may be refused permission to sit their final exams.
